Dear Community Partner,

It is my pleasure to invite you to support the Laveen Community Councils efforts in sending graduating seniors to college. For nine years the Laveen Community Council has given scholarships to area students that are graduating high school. Recipients need to live in Laveen, hold a cumulative GPA of 3.0 or better and give back their community. The scholarship committee has a difficult time each year choosing 2 winners from our highly qualified applicants. We would like to give out more scholarship opportunities to help with economic needs in our community. Our colleges and universities are continuing to raise the cost of tuition every semester and our students are suffering the great cost of a hopeful future. These scholarships are meant to ease some of the first year expenses for our graduates. We hope that you will help us give more than ever before and participate in the "Laveen Scholarship Scramble". All the proceeds will go to scholarship recipients for the Fall 2012-2013 school year. Recently we have given three (3) \$1000 Scholarships and would like to give out more with your help and support. The more we earn the more scholarships will be given to Laveen graduates.

We are asking that you sponsor a hole, put together a foursome and play, donate an item for the raffle or silent auction, or make a monetary donation of any kind. Any of these, will support the youth in our community. We are attaching a copy of the Laveen Scholarship Scramble application, which can also be found on our website at [www.laveen.org](http://www.laveen.org). We hope that you can make a difference in the life of a college bound Laveen graduate.
